

### **THIS IS CHRISTMAS** (Silver Bells)

This is Christmas, joyous Christmas,  
Every pure heart is filled  
With a song that is praising the Savior.  
For the glory and the blessing  
That has brightened our way  
Since Jesus was born Christmas day.

Wonderful, Counselor,  
Down from His throne to a manger.  
Mighty God, Prince of Peace,  
Soon He is coming again.

### **JINGLE BELLS**

Jingle bells, jingle bells, what a happy day!  
I ask Jesus in my heart, and now He's here to stay.  
Jingle bells, jingle bells, sing it loud and clear.  
Jesus lives within my heart each day  
All through the year.

I remember it so well, the day my life was changed.  
I'd walked in darkness, O so long.  
My soul with sin was stained.  
Then I heard the Spirit's call,  
And I fell before the cross.  
Jesus shined His light, took away my sin,  
Now I'm no longer lost.

### **COME SEE THIS ONE** (White Christmas)

Come see this One they call Jesus,  
Born of a virgin long ago.  
It's the old, sweet story. He came from glory  
To die in this world of woe.

Come see this One they call Jesus,  
No longer in a manger bed.  
Crucified and risen for me,  
I will praise Him through eternity.

### **I'LL WORSHIP CHRIST AT CHRISTMAS**

(I'll Be Home for Christmas)

I'll worship Christ at Christmas,  
The Word made flesh for me.  
Born to die, He gave His life  
Lost sinners to redeem.

Christmas eve will find me  
Rejoicing with the King.  
I'll worship Christ at Christmas,  
His praises let us sing.

### **WALKIN' WITH MY JESUS** (Winter Wonderland)

Take the world with its glitter,  
Without love, cold and bitter.  
I'll follow the One who's God's only Son.  
Walkin' with my Jesus hand in hand.

Gone away is the old strife.  
Here to stay is a new life.  
We sing and we smile mile after mile.  
Walkin' with my Jesus hand in hand.

Once I trod the path of sin and sorrow,  
Living for the things that pass away.  
Now I've found bright hope for each tomorrow.  
Jesus came and changed the night to day.

In my heart there's a new song  
I can sing all the day long.  
Through sunshine or rain He's always the same.  
Walkin' with my Jesus hand in hand.

### **BETTER GET RIGHT** (Santa Claus Is Coming)

Better get right as fast as you can.  
Wash your sin in the blood of the Lamb.  
Jesus Christ is coming again.  
He's making a list in His Book of Life.  
He's going to see who has eternal life,  
Jesus Christ is coming again.

He sees when you are sinning.  
He knows when you're up tight.  
He knows who walks in darkness,  
So let's walk in Jesus' light.

So, you better get right as fast as you can.  
Wash your sin in the blood of the Lamb.  
Jesus Christ is coming again.
